

Year 4 – Autumn Term 2017 Topic Sheet

Maths

This term we will be covering all aspects of this subject including place value, fractions, addition, subtraction, multiplication and how to solve problems in real life situations using these operations.

We will learn more about measuring, shapes and space, time and data-handling. Home learning will be sent home each week to reinforce their classwork.

English

This term we are covering recounts, newspaper reports, stories and poetry.

Science

We are learning about sound and electricity this term. Within this topic for sound, we will be looking at musical instruments, pitch and volume. For electricity, we will be looking at circuits and conductors.

History

This term we are studying Anglo-Saxons and Vikings. We will be looking at artefacts, what life was like during this time, their beliefs and participating in a Viking workshop.

Music

The children will be learning how to play the recorder and read simple music. Also they will be gaining an appreciation of music providers by our music specialist.

Art

Our topic this term is linked with Saxons and Vikings.

RE

We will be learning about various religious festivals celebrated throughout the world.

P.H.S.E.

We will be talking about how to enjoy and achieve in life both at school and at home.

PE

Pupils will be learning skills for invasion games, such as Netball and Basketball. Beavers will have swimming lessons at Northolt Leisure Centre. Otters and Water Voles will have weekly gym lessons.

DT.

We will be investigating how to use electricity in models and will make our own. We will also create our own Viking shields.

MFL

Children will be learning Spanish with our MFL specialist.

HOME LEARNING

Home learning relating to what is being studied in class will be sent home each week and should be returned on a Wednesday or earlier if completed. Reading books should be taken home every day and brought in the following day.
